**Gurwin Jewish Nursing & Rehabilitation Center  
to Restrict Visitation Beginning  
7:00 PM on Thursday, March 12**

---

Gurwin Healthcare System is committed to ensuring that we take every precaution to protect the health and safety of our residents.

We have been following guidance from the CDC (Centers for Disease Control) and the NYS Department of Health regarding our procedures with respect to COVID-19 (Coronavirus). As the CDC today recommends “aggressive visitor restrictions,” we have decided to **suspend visiting beginning at 7:00 pm on Thursday, March 12, 2020 until further notice in the Gurwin Jewish Nursing & Rehabilitation Center.** The exception to this rule will be for residents on hospice and those who are terminally ill. This decision is consistent with practices that are now occurring in facilities across Long Island.

All restrictions are subject to change based on health advisories and are dependent on regulatory directives. We need your assistance in preventing the spread of COVID-19. Please check our website [gurwin.org](http://gurwin.org) daily for important updates.

Email addresses are an important method for contacting family for future healthcare-related communication. Please share this communication with others in your family, and provide any additional email addresses by contacting us at [info@gurwin.org](mailto:info@gurwin.org). Be sure to include name, resident name and email address.

We sincerely thank you for your continued support and understanding during this time of heightened concern.

Thank you,

Stuart B. Almer David Siskind, MD  
President and CEO Chief Medical Officer
