Dear Gurwin Family Members:

As you know, we are required by the NYS Department of Health (DOH) to inform our family members when any of our residents newly test positive for COVID-19. Since yesterday, we have had seven tests come back positive for our residents. We have been carefully monitoring those we presume to be positive. The availability of testing and changing guidance indicate that more residents will be tested going forward, increasing the potential of positive cases. In addition, we feel it is important to inform you that over that same time period, we sadly lost two residents to the disease.

Please be assured that you will be promptly notified if your loved one is identified as a suspected or positive case of COVID-19 or has any other significant change in condition.

These updates will be sent as necessary, and located on our website at www.gurwin.org/family-updates/ should you need to access them

Thank you, and be well.

Sincerely,

Stuart B. Almer
President and CEO
