Dear Gurwin Family Members:

Yesterday, we were informed by the NYS Department of Health of a new requirement to update our resident families within 24 hours about new positive cases of COVID-19. In response to this directive, I wanted to personally reach out to you and let you know that we have had two additional positive cases of COVID-19 since our last communication on Friday.

We continue to follow all CDC and DOH protocols for Personal Protective Equipment, isolation procedures and infection control, and have implemented many procedures with the goal of keeping our staff and residents safe.

As I mentioned, this update is mandated by the Department of Health and will happen regularly as information changes.

Wishing you good health.

Sincerely,

Michael Letter
Administrator/COO
