Dear Gurwin Family Members:

The NYS Department of Health requires us to update our family members about cases of COVID-19 at Lindner Residences. Today, we are writing to inform you of the full results of the testing we performed on our residents over the past week.

Yesterday, we conducted the final round of initial testing on our B Wing, and two residents came back positive out of the total sample of 60 tests. Added to the results from last week on the D and E Wings and earlier this week from the C Wing, the total number of residents who newly tested positive is five. Armed with the knowledge of who is currently negative, we will continue with a coordinated plan to allow those residents some time away from their apartments. We are encouraging everyone to get out on a rotating schedule, outdoors if possible, for some fresh air and to interact with their peers, of course while obeying social distancing protocols.

In compliance with the new Department of Health regulations that all assisted living personnel be tested twice a week, we have begun testing our staff today, and will continue as long as the order is in effect. Those results should be received in a few days, and we will keep you informed as we obtain information.

Please be assured if your loved one is identified as a suspected or positive case of COVID-19, our team will promptly notify you. These email updates will be sent as necessary, and are located on our website (www.gurwin.org/family-updates) for your reference.

Thank you and be well,

Michael Letter
Administrator/COO

Video Chat with your loved one: email fayjvideochat@gurwin.org to request a time. (Limit one per family per week, please.)

Send your loved one a Gurwin Gram Gram. Send a short video to us via Facebook Messenger or by email to info@gurwin.org, and we'll deliver your good wishes.

If you are interested in donating to our COVID-19 Relief Fund, visit our website at www.gurwin.org/donate. Thank you.
