Dear Gurwin Residents and Family Members:

As you know, we continue to test our employees for COVID-19 on a weekly basis as part of our infection prevention protocols. Per NY State Department of Health guidelines, we are writing today to inform you that three staff members have tested positive for the disease over the past 72 hours. These employees are required to quarantine from work for a minimum of 14 days, and may only return to work after receiving a clinical negative COVID-19 test.

Please be assured that you will be promptly notified if your loved one is identified as a suspected or positive case of COVID-19 or has any other significant change in condition. As always, we strictly adhere to HIPAA guidelines and cannot provide information on roommates or other specific residents.

These updates will be sent as necessary, and are located on our website at [www.gurwin.org/family-updates/](http://www.gurwin.org/family-updates/) should you need to access them.

Thank you, and be well.

Sincerely,  
The Gurwin Care Team
