5:00 PM**

Dear Lindner Residents and Family Members:

I am writing to inform you that unfortunately we learned today of another COVID-19 positive test result for one of our employees. Due to this positive test result and as per New York State Department of Health (DOH) regulations, our indoor visitation cannot resume until November 12; in addition, communal dining in the dining room and all group activities will also remain suspended throughout this same period.

Until we are able to resume In-Person Visits, we will conduct our window visits as well as revert back to our prior schedule of activities programming, which includes virtual and individualized apartment visits from our recreation staff. Families that have already scheduled indoor visits through November 11 can keep those appointments if they would like, as they will just simply be converted to window visits in the same way as was the case prior to September 2nd, when our in-person visits began. If you have not already, you will be receiving a call from our recreation staff to discuss your options.

We will communicate with you as further guidance from the DOH is received. I realize this is disappointing news. Please be assured that we will continue with our cautious and measured approach until this pandemic is over, and I welcome you to reach out to me or any of my staff directly should you have any questions or concerns.

Sincerely,

Michael Letter  
Administrator/COO
