5:00 PM**

Dear Lindner Residents and Family Members:

I am writing to inform you that we learned today of a positive COVID-19 test result for an employee, which was found through our weekly surveillance testing of staff. The employee will quarantine at home for 10 days, returning to work only after receipt of a negative clinical test result. This employee does not have any direct contact with our residents and, as such, there is no need to quarantine any of our residents at this time. However, unfortunately, communal dining, group activities and indoor visitation must again be paused, and is scheduled to resume on January 4, barring any new positive test results. Of course, we will keep you updated should there be any further changes.

As a reminder, the Holiday Visitation policy instituted by the New York State Department of Health (DOH) just before Thanksgiving continues to be in effect, and applies to all excursions outside of our community with the exception of verified medical appointments. You can find all DOH guidance letters on our website at <https://www.gurwin.org/doh-health-advisory-guidance/>.

As always, please reach out to any member of my team should you have any questions or concerns.

Sincerely,

Michael Letter  
Administrator/COO
