Dear Lindner Residents and Family Members:

I am writing to inform you, per the NYS Department of Health regulations, that we have received notice of a positive COVID-19 test result for one of our residents. This resident is asymptomatic, but will be on isolation for the next 14 days.

In the interest of the health and well-being of our residents, staff and families, it is critical for us to contact trace when a resident tests positive for COVID-19. Therefore, we remind you of our infection prevention policy stipulating that **any resident who leaves the facility for a medical appointment or any other reason must notify the staff where they are going** in order to effectively trace the potential source of the virus should he/she become positive after leaving our building.

Indoor visitation, communal dining and group activities remain paused, as communicated yesterday, until further notice. Residents who are not quarantined/on isolation can continue to receive window visits; contact fayjvideochat@gurwin.org to schedule your visit.

These are challenging times for all of us. As you may be aware, cases of COVID-19 have been rising in Suffolk County, reaching more than 7% as of yesterday. Please know that the safety of our residents is the priority of each and every member of our staff, who are following strict state and federal protocols for infection control and prevention.

We will keep you updated should there be any further changes. As always, please reach out to any member of my team if you have any questions or concerns.

Thank you for your continued support and understanding.

Sincerely,

A handwritten signature in black ink that reads 'Michael'.
