Dear Lindner Residents and Family Members:

I am writing to inform you that we learned today of a positive COVID-19 test result for one of our residents who was exposed to the contractor who tested positive earlier this week. Upon learning of the contractor's positive test result, we quickly quarantined those who may have been exposed, and are hopeful that this protocol will contain the spread of the virus. Because this resident was already on quarantine due to possible exposure, there is no need to further quarantine residents. Any residents testing positive remain in quarantine until receiving a negative clinical test result.

As always, for your continued support of our staff and community. Should you have any questions or concerns, please reach out to me or any of my team members; we are always here to help.

Sincerely,

Michael Letter
Administrator/COO
