Dear Lindner Residents and Family Members:

I am writing to inform you that we learned today of a positive COVID-19 test result for one of our residents. This resident was already on quarantine due to possible exposure, and will remain as such until receiving a negative clinical test result. In addition, we are saddened to report that one of our long-term residents has passed due to the COVID-19 virus. Although she has not been here at Lindner for several months, we are required to report her passing, and send our deepest condolences to her family as well as her friends here in our community. It is during times like this that we are reminded of how insidious a disease COVID-19 is, and how devastating the effects can be.

I want to thank you again, as always, for your continued support of our staff and community during this crisis. Should you ever have any questions or concerns, please feel free to reach out to me or any of my team members; we are always here to help.

Sincerely,

Michael Letter
Administrator/COO
