Gurwin Jewish Nursing & Rehabilitation Center

COVID-19 UPDATE
Saturday, February 6, 2021
7:15 PM

Dear Gurwin Residents and Family Members:

We are required by the NY State Department of Health (DOH) to let you know whenever there is a newly positive test result for COVID-19 for either a staff member or resident in our facility. We are writing today to inform you that we have learned of new positive test results for four of our residents since yesterday, found through our weekly testing protocols. Although all are asymptomatic, any resident testing positive is moved to our isolation unit for at least 14 days, where they are cared for until a negative clinical test result is received. Resident units will continue to be on quarantine, per DOH requirements, through February 20.

Please be assured you will be promptly notified by phone if your loved one is identified as a suspected or positive case of COVID-19, is on a quarantined unit, or has any other significant change in condition. You will find past Family and Resident Updates on our website at [www.gurwin.org/family-updates/](http://www.gurwin.org/family-updates/) should you need to access them.

Sending Love to Our Sweethearts!

Our residents would love some love from family and friends this Sweetheart’s Day! Record a brief video (hold your phone horizontally, please!) wishing your loved one, our staff, and/or all our residents a Happy Sweetheart’s Day, and we'll put them all together to show our residents on our internal TV channel on Sunday, February 14. Videos should be sent by February 10 via email or through [WeTransfer](https://wetransfer.com) to info@gurwin.org. Thanks for helping us show our residents some LOVE!

Thank you, as always, for your continued support and understanding.

Sincerely,

---
