Dear Gurwin Residents and Family Members:

We are required by the NY State Department of Health (DOH) to let you know whenever there is a newly positive test result for COVID-19 for either a staff member or resident in our facility, or when one of our residents passes from the virus. We are writing tonight to report that one of our staff members has tested positive; this individual will quarantine at home for 14 days, and may return to work only after receipt of a negative clinical test result.

Please be assured you will be promptly notified by phone if your loved one is identified as a suspected or positive case of COVID-19, is on a quarantined unit, or has any other significant change in condition. You will find past Family and Resident Updates on our website at www.gurwin.org/family-updates/ should you need to access them.

Thank you, as always, for your support and understanding. Stay safe.
