March Message From The Recreational Supervisor

The Residents enjoyed an elegant tea party with porcelain tea cups and freshly baked pastries made just for them. A pastry cart was overflowing with all kinds of goodies for the Residents to choose from.

Shown here are Residents decorating their own snowflakes that they created on a snow day. As you can see, friends like to help each other.

There were musical special events, shown on the back, such as Chinese New Year and Sweetheart Day. The timing of all these musical programs were pitch perfect!
