Barbie

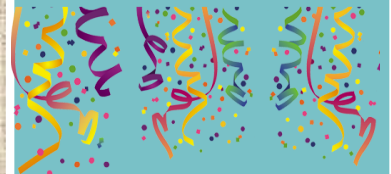

We road the Barbie wave last month, with many Barbie themed programs leading up to our

Barbie Beauty Bar event on July 19th, in anticipation of the release of the new Barbie movie. When we think of Barbie, we remember lots of glamour, and we wanted to make all of our gorgeous grandmas here at Gurwin feel glammers that day. Look through the newsletter to see some of the many photos that we took at the event.

AUGUST COUNCIL CORNER

It's hard to believe that it's coming up to one year since the new Resident Council began to put together its action plan for addressing some of the issues confronting our residents over these pandemic and post-pandemic years.

One of the basic concepts that encompassed this effort is the phrase "A Complaint is a gift." It was the consensus of the newly formed Council to encourage our fellow residents to look at the ways in which we could strengthen the relationship between the Gurwin administration and the residents; to work more closely to identify and work together to resolve some of the challenges through a positive attitude towards needed change.

Working with the new and "responsive" administration leadership, the Council has been proactive in helping to make some changes including introduction of evening programming, planned and carried out with the help of volunteer residents; the renovations to the Café and the Billiard/Game Room to provide a more warm, conducive environment to get more residents to leave their apartments and to socialize in our broader "community."

Council members have been helpful in assisting some residents to deal with interpersonal matters as well as to provide needed expertise in such areas as computers, cellphones and other electronics.

We have one more year of service and we ask for your continued support as we continue our efforts to affect more needed changes in more complex and complicated matters.
